# Charities we Support

Operation At Ease takes dogs from shelters, pairs them with deserving veterans and first responders and provides a free guided training program for post-traumatic stress and mobility service dogs. In addition to our service dog training programs, we offer resources such as free therapy dog support, ensuring long-lasting assistance for both our country and community heroes.

The mission of Christmas Project Inc. (DBA Operation Santa Claus) is to provide a brighter holiday season for the economically disadvantaged children and their families from Warren, Washington, Northern Saratoga, Esse and Hamilton counties through direct gifts of food and clothing.

At Friends Comforting Friends, our mission is to uplift and support adults and children in our communities facing serious illnesses, surgeries, or treatments like radiation and chemotherapy.
